# ROAD TRIP

**A personal journey through life's detours and pit stops**

**Jessie Seneca**

Are you “living life” and wondering where all your plans went only to realize, God’s plans were always your plans, you just didn’t realize it?

**Road Trip**, is Jessie’s journey battling Cushings Syndrome, a life threatening disease. Her story looks at her ride through the ups and downs of the battle, how God has brought her through it victoriously, and how He is now using her experience for His purpose. This book encourages you to see God’s big picture in your own life and to appreciate the detours and the pit stops along the way that will help make you stronger and live a more purpose-filled life.
